

## Your holiday safety is a priority

Keep your holiday season joyful. Follow these safety tips to avoid electric shocks and fires.

1

**Discard lights with damaged cords**, loose connections and damaged sockets.

2

**Don't staple or squeeze electric cords** in doorways and windows.

3

**Don't place electric cords** in high-traffic areas, under rugs or furniture.

4

**Switch off** or unplug holiday lights at bedtime or when you leave home.

5

**Don't overload extension cords and sockets.**

6

**For outdoor decorations, only use products rated for outdoors.**

7

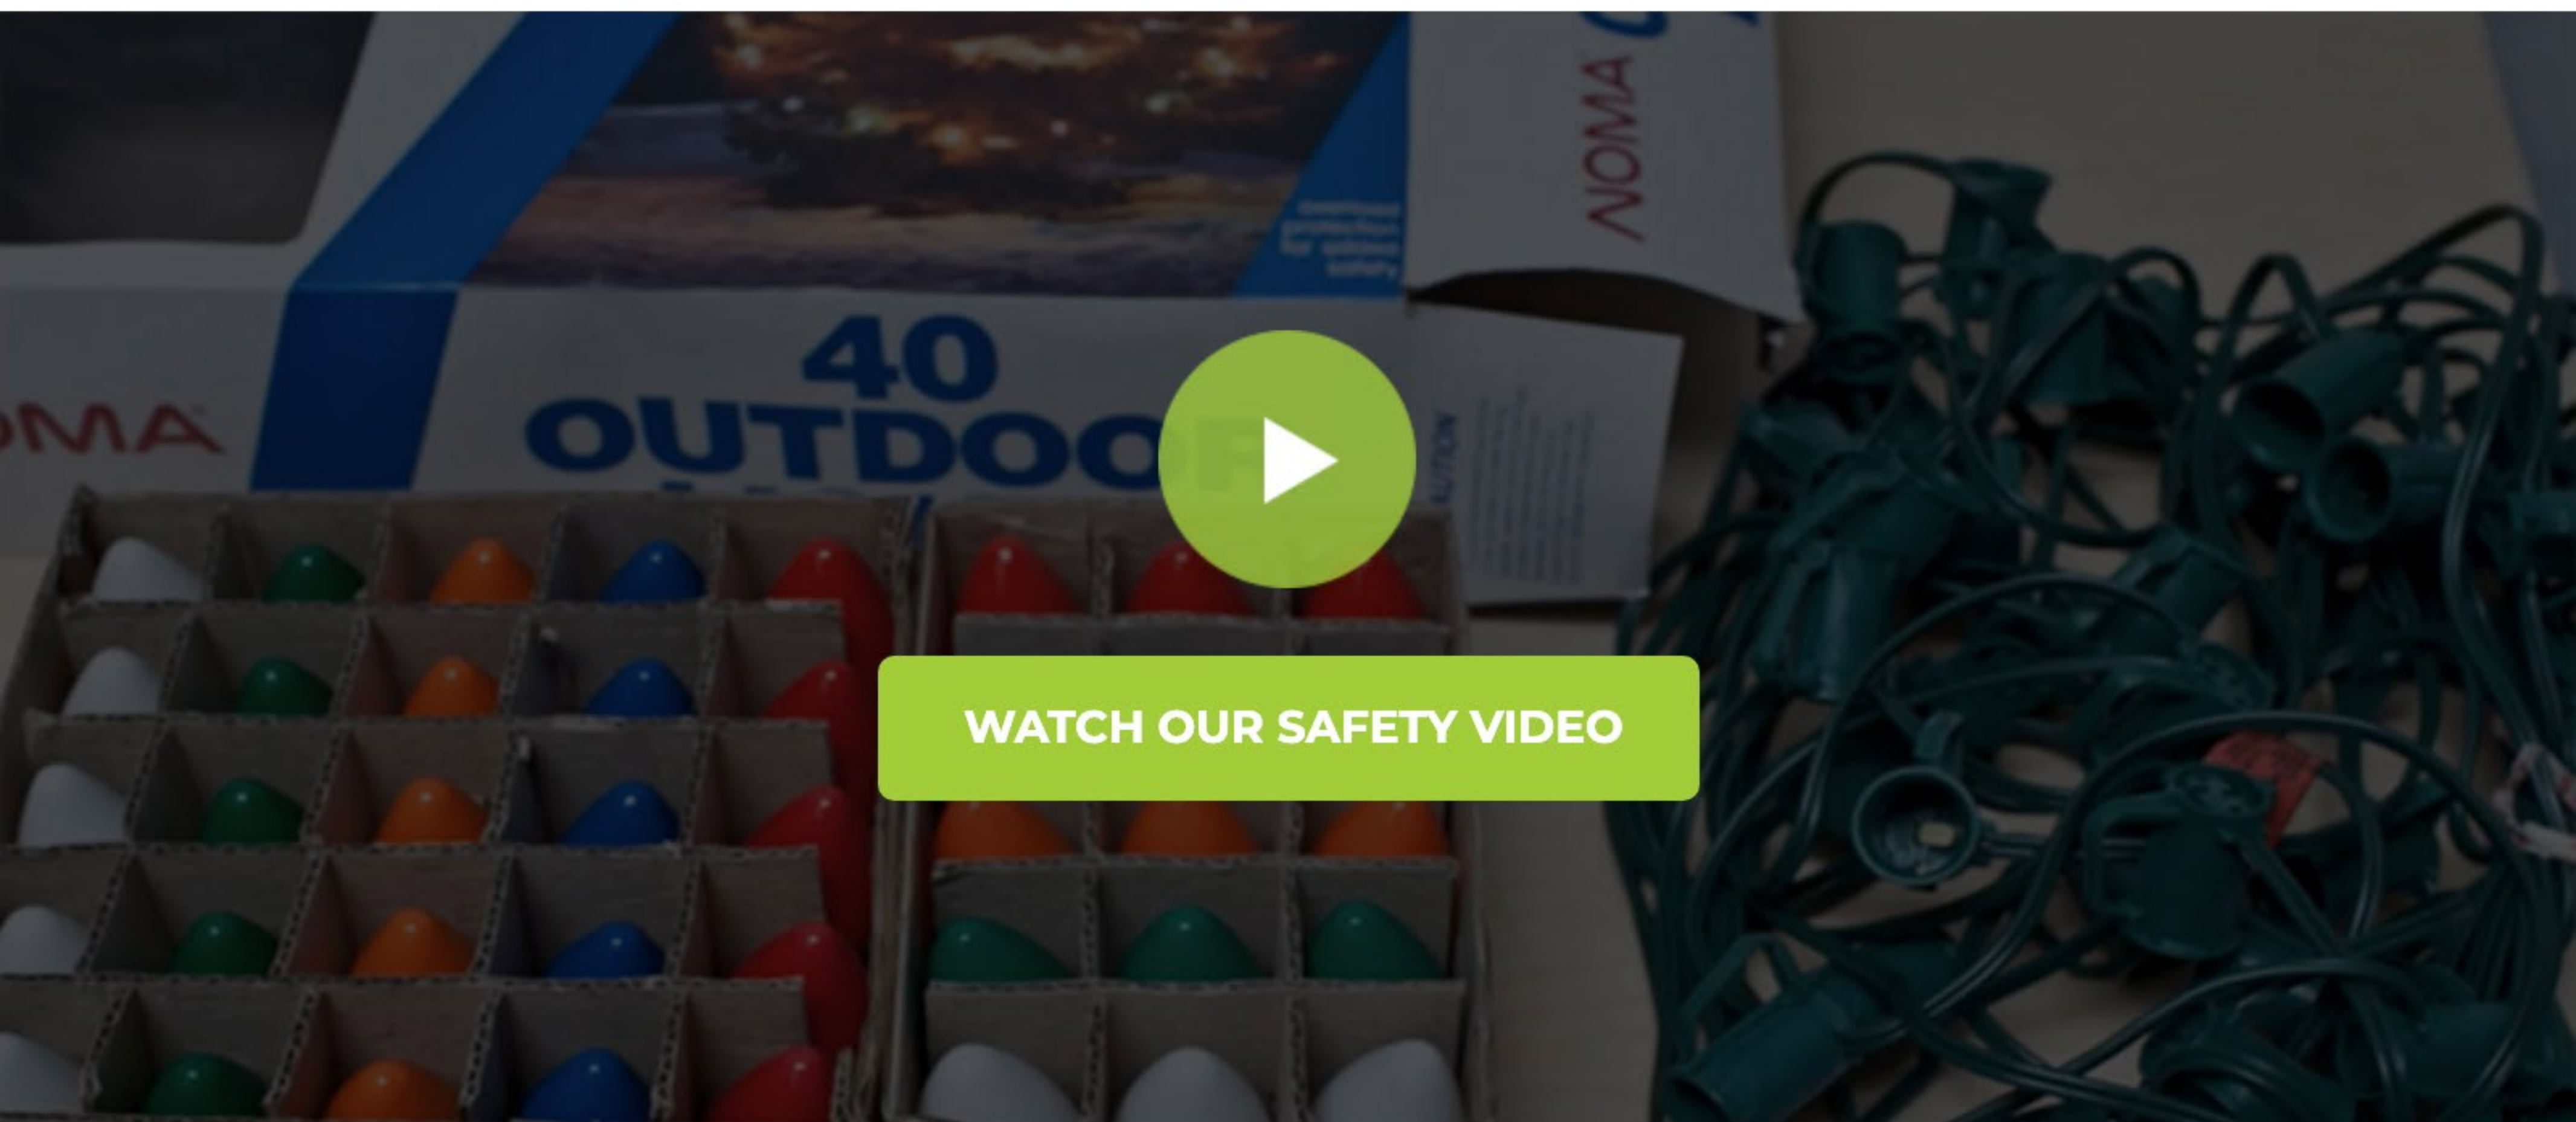

**Use Ground Fault Circuit Interrupters Outlets** in areas near water.

8

**Secure and climb ladders safely** when decorating.

9

**Don't use water on electrical fires.** Keep a fire extinguisher handy.
