

## Employment Opportunity

Grenada Electricity Services Ltd. (GRENLEC) is seeking a **Qualified Chartered Finance Professional** to provide leadership within its Finance Department.

### Position Summary

Reporting to the **Financial Controller**, the incumbent will play a key leadership role in managing the Company's financial operations, strengthening financial controls, supporting strategic decision-making, and leading a team of finance professionals in a dynamic utility environment.

### Key Responsibilities

- Lead and manage the day-to-day operations of the Finance Department, ensuring accuracy, integrity, and timeliness of financial information.
- Supervise, mentor, and develop finance staff, fostering a high-performance and professional team culture.
- Prepare and review monthly, quarterly, and annual financial statements in accordance with IFRS.
- Support budgeting, forecasting, and long-term financial planning processes.
- Oversee financial controls, risk management frameworks, and compliance with internal policies and statutory requirements.
- Coordinate audits and liaise with external auditors, regulators, and other stakeholders.
- Provide financial analysis and insights to support management and Board-level decision-making.
- Support major capital projects, investment appraisals, and funding initiatives.

### Qualifications and Experience

- **ACCA qualification or equivalent (mandatory)**
- Minimum of **seven (7) years' practical experience** in a progressive and dynamic finance environment.
- Strong working knowledge of financial reporting, budgeting, internal controls, and financial analysis.
- Experience within a utility, energy, or regulated environment will be a distinct asset.

Applications with Curriculum Vitae should be submitted by  
**Friday 23rd January 2026** to:
